

Extech i5 Stimulus Package!

only
\$2,995

EXTECH i5

Is your budget slashed? Relax!
You can still afford a quality infrared camera

Whether you need an IR camera for electrical or HVAC diagnostics, preventive maintenance, or moisture/building issues, effective troubleshooting is easier than ever with the EXTECH i5. The EXTECH i5 reveals hotspots before they become expensive failures.

This lightweight IR camera is a heavyweight performer: the 12-ounce EXTECH i5 stands up to everyday/all-day use with an easy-to-swap 5-hour Li-Ion battery, 2% thermal accuracy, and patented radiometric JPEGs that can be easily shared or analyzed.

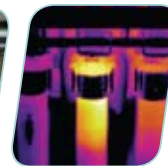

Put the legendary power of FLIR infrared technology in the palm of your hand -- for less than you think!

Pulley System:
Hot Drive Belts

Home Inspection: Heat Loss

Electrical: Hot Fuses

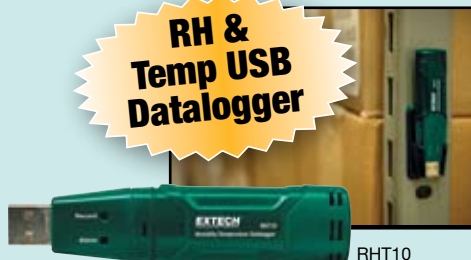

Purchase an i5 and choose a free bonus gift that's right for your job!*
